

# News of the Month -- August 2010

## Class of 1959 -- Memorial High School

### Eau Claire, Wisconsin

August 1, 2010

Dear Classmates,

There have been some changes in the lives of several members of our class this month.

As reported in the April Website Newsletter, Julie Patton Sorrell lives in Cambridge, Wisconsin, during the summer and Yuma, Arizona, during the winter. All of her current information was given to you earlier except her home telephone number in Cambridge. Julie recently had knee surgery and might have to have more soon. She also explained that she had a heart attack last year and is doing well now. As we "talked" via email, she sent her current telephone number. It is 608-423-2024.

Kay Furrer made a big move in June. As she promised at our 50<sup>th</sup> Reunion last fall, she left San Diego, California, and moved, back home, to Eau Claire. She's very happy to be back and has already become an active participant in the community – enjoying \$2.00 movies at the Cameo Theater and volunteering with the Eau Claire Regional Arts Center. Her new address is 550 Graham Avenue, #204, Eau Claire, WI 54701. Her telephone number is 715-839-7001. Her email address is: kklfurrer@att.net.

And, sadly, Jean Loken, wife of our classmate and webmaster, Steve Loken, died on July 17, 2010. Jean often proofread materials for this website, offered a number of suggestions for website materials and innovations, and was at several of the Mogie's lunches and class reunions, so many class members knew her well. We extend our sympathy to Steve and his family. Please go to the website Bulletin Board, where Steve has put together a wonderful tribute to a lovely woman.

Certainly, before our 55<sup>th</sup> Reunion in 2014, we will see many changes for members of our class. Please let us know if you move, change your telephone number or email, and/or have changes in your health and/or family situation. Prior to our 50<sup>th</sup> Reunion, we knew where all members of our class were located except ten people out of 491+ classmates, and we'd like to stay in touch with everyone in the future. We've always been the best class that graduated from ECMHS, and we'd like to stay the closest class that ever graduated from ECHMS as we look to our future.
